question

```r
x <- 1:10 # I want to make a very long comment so that it will exceed the page and some parts
print(x)
```

```
 [1]  1  2  3  4  5  6  7  8  9 10
```

if it is in the markdown, will it just be the same? Yes, it is the same if you type a lot of
